Find a Certified Practising Member of Speech Pathology Australia

How to search

- > Enter the postcode or suburb of where you would like to find a Certified Practising member
- > Add the age of the client **or** area of practice **or** type of practice **or** a combination if you are not sure (you **don't have** to use these functions though)
- > Press 'Search' (it takes about 8 seconds to bring up the results)
- > Scroll down the page to find the list. All results are randomised
- > Use the map to find someone closest to your location if you don't want someone with a mobile service.

Need more options?

- > Once you have searched initially you can go to 'Show Advanced' to look for: Funding Providers, Services, Sector and Languages Spoken
- > Then press 'Search' again. All results are randomised.

No one in your area?

- > Try widening the range of kms from your suburb or select 'Mobile Service' or 'Telepractice' in advanced search
- > Use 'Find a mobile SP' tab for a speech pathologist to come to you
